OUR HAPPY CUSTOMERS

“

Good quality, love the size, well-balanced when it's on your back. Love the shoulder strap reinforcement straps that distribute stress and load off of the shoulder strap seams. I can see this one lasting.

— Samara

“

I ordered this backpack as a gift to a homeless man. It is very well made, perfect size, several compartments and a perfect fit while getting around hands free. I think this backpack will last a long time.

— Katelyn

“

Where do I start? This is the best backpack I've ever had. This bag has held up through two weeks camping in Tetons National Forest, daily hikes in muggy weather, and dusty mountain hikes.

— Alissa
